VOL. XLV — SONOMA, SONOMA COUNTY, CAL., SEPTEMBER 2, 1922 — NO. 2

DEATH CLAIMS MRS. EMMA FETTERS

Owner of Famous Springs Died at Santa Rosa Wednesday After Illness Culminating In Pneumonia.

Mrs Emma Fetters, owner and founder of Fetters Springs, died in Santa Rosa Wednesday at 3:30 p. m. Her death occurred at a hospital in that city where she went last week for treatment for an alarming case of double pneumonia. Although everything that doctors and nurses could do were resorted to, the patient lapsed into unconsciousness Wednesday morning and a few hours later passed peacefully away. She had been a sufferer from diabetis for several years. Her husband, George Fetters, summoned from Fetters Springs, was with her as the end came.

Mrs. Fetters purchased the Halsted property in Sonoma Valley some 15 years ago and on it developed the hot mineral springs and built the big hotel, baths and theatre which has made the property among the finest in Northern California. She also bought adjacent hill land, which she sold off for town lots and the settlement of Fetters Springs is now thickly populated with many business houses and cottages. A handsome depot building on the N. W. P. was erected by this energetic woman of wealth and enterprise. Mrs. Fetters was keenly interested in better roads and improvements in the valley where she had invested her money, and gave liberally to all movements having for their object the development of this section.

The Sonoma Valley Improvement Club, as a token of appreciation of her work along improvement lines, sent a handsome floral pillow for the casket of deceased.

Deceased was a native of Austria and came to this country when a very young girl. She is survived by her husband, George Fetters, who jointly conducted the resort with her, and a son by a former marriage, her first husband having been a well known member of the San Francisco police department.

The funeral was under the direction of H. F. Bates, the remains having been brought from Santa Rosa to her late home in this valley on Wednesday evening and on Friday morning shipped to San Francisco. Services were from Halsted & Company's parlors in that city, with interment in Salem cemetery, Rabbi Lissaeur officiating.

PIONEER RESIDENT MOVES TO BERKELEY

B. F. Campbell, after a residence of many years in Sonoma Valley, has sold his interests here and moved to Berkeley. Mr. and Mrs. Campbell took their departure last week, their son, Donald, coming for them in his car.

Since submitting to the operation which cost him one of his limbs, Mr. Campbell lost interest in the large home he had maintained here and decided that it was best for him and Mrs. Campbell to make their home near their son in the college town. They have a comfortable apartment there and are wished contentment and happiness in their new home by many old time friends throughout the valley.

LOCAL BUSINESS MAN IMPROVES HIS STORE

L. S. Simmons, the druggist, is installing a number of the latest plate glass show cases, the entire length of his store which is to be refinished in an attractive tone of French gray. Present partitions are to be moved, a new prescription department arranged and new linoleum is to be laid. While involving considerable expense, Mr. Simmons believes in keeping his drug store thoroughly up to date and will make its appearance and service a credit to our growing city.

ENGAGED NOTED CRIMINAL LAWYER

James Moore, who is accused of the crime connected with the tragic end of George Bruns at El Verano, has retained the noted criminal lawyer, James Brennan of San Francisco, to defend him.

Johnson, Richardson Receive Majorities

Victories for Sheriff John M. Boyes, District Attorney Hoyle, Assessor Smith, Louise Clark and Walter L. Murphy

The primary election in Sonoma Valley was fraught with great interest in a number of state and county contests and brought out a big vote on last Saturday. Results early indicated that Senator Johnson had won here over his opponent, C. C. Moore, the final figures giving the senior Senator over 200 majority votes.

Friend W. Richardson swept Sonoma Valley with 639 votes, almost twice as many as were cast for the incumbent, Governor Wm. D. Stephens. C. C. Young was the choice for lieutenant-governor.

Congressman Clarence F. Lea received a handsome majority vote in every precinct and thus his home valley will aid in returning him to congress. The entire district acclaimed Lea as its choice.

Assemblyman Fulwider, Judge William P. Lawlor and Judge Seawell were the favorites in local precincts. Judge Seawell received 1086 votes, five times as many as either of the other candidates for associate justice of the supreme court. The statewide handsome maority for Judge Seawell has brought pronounced satisfaction to hundreds of admirers in this valley.

For sheriff, John M. Boyes, the incumbent, was elected at the primaries, all Sonoma county casting a decided vote in his favor. Dude Wiley ran second and J. H. Murray third. In Sonoma Valley Boyes received 754 votes, Murray 447 and Wiley 74. It was a nice victory for Sheriff Boyes and his deputies, particularly Joe Ryan, who swung all his influence and support to his chief.

District Attorney Hoyle won a signal victory over G. W. Libby, his majority in Sonoma Valley precincts being 449 votes.

For assessor the incumbent, J. C. Hoke Smith, received a big vote here and testified to the fine work done in his behalf by his deputy, R. R. Emparan.

For Republican County Committeemen, figures indicate that W. L. Murphy led the candidates in Sonoma Valley, his total being 503 votes; George Breitenbach was next highest with 486 votes. Mohr also won.

John Mohr will be Sonoma's next constable and E. J. Rock constable of Glen Ellen.

For justice of the peace at Glen Eller, Judge Leopold Justi was winner over the other aspirants.

The Valley of the Moon lighting district project carried big and assures the Springs section well lit roads and highways as soon as the improvement can be installed.

The following was the vote in all Sonoma Valley precincts, as compiled by the election officers who worked far into the early hours Wednesday figuring the returns.

(Continued on Page Five.)

A BELOVED OLD MOTHER PASSES

Mrs. Meta Abele, Aged 82 Years, Is Laid to Rest Here On Last Sunday Afternoon.

Mrs. Meta Abele, born in Hanover, Germany, Dec. 12, 1839, and who passed away at her home here last week, was laid to rest Sunday, services being from her late home on Broadway. Mrs Abele came to America in 1871, and had been a resident of Sonoma for the past five years. She led a long and useful life, during which she raised a large family, who were a great comfort to her throughout the years. In her early young womanhood she trained for a nurse in the old country and had a diploma for her skill in maternity cases. Throughout her life she gave help to many people, her work among the poor having always been her first thought. Kindness and charity were traits which made her beloved by all.

For some weeks past the respected mother had been in failing health and for three days prior to her death suffered intensely. Her devoted family was with her as the shadows enfolded her. She leaves three sons, H. L. Rotermundt, Otto H. Rotermundt, R. F. Abele, a grandson, A. H. Rotermundt, a granddaughter, Meta Champieux and three great grandchildren.

The funeral services on Sunday were largely attended and there were many lovely flowers. The pall bearers were Messrs. H. C. Lutgens, P. Bill, Sr., Wm Dunn, Charles Taylor, F. H. Knolle and George Angove.

NATIVE SONS TO CELEBRATE ADMISSION DAY

The united Parlors of Native Sons and Daughters of the Golden West are planning to celebrate next Admission Day, September 9th, with one of the biggest events ever pulled off in Sonoma county.

Though the Natives are arranging this event, it is to be a county wide affair for the benefit of the general public, the Natives merely being the sponsors of the celebration and acting as hosts to those attending.

Mirabel Park, an ideal location for such an event, has been chosen as the scene of the festivities.

The members of Sonoma county's Native Parlors are noted throughout all California for their openhanded hospitality and a real treat is assured all who visit Mirabel Park on September 9th.

Admission Day this year falls on Saturday, which will give two days for a week end holiday and should insure a record breaking attendance.

California's natal day being a legal holiday, the committee having charge of the celebration announce that all stores and business houses in the county are expected to close on that day that proprietors and employes may enjoy the splendid program to be arranged.

The celebration is to be in the nature of a basket picnic, with dancing and water sports of every kind.

The splendid dance platform at Mirabel Park has been leased from Manager Keegan for the day. The best of music has been obtained by the committee and dancing is to be free.

Among the amusing events to be staged on the river will be log rolling contests with valuable prizes for the winners. Other events and contests will be arranged, and suitable prizes are to be given for each and every winner, besides a valuable gate prize to the holder of the correct number. These prizes have been donated by merchants of the various Sonoma county towns. The committee has found the merchants exceptionally liberal in their gifts of prizes and contestants in the various events will be well rewarded.

W. S. Borba of Sebastopol is chairman of the general committee arranging the celebration. Mr. Borba has had much experience in this line and under his direction the affair is certain to be an unqualified success.

Other members of the committee are:

Petaluma—John Murphy and H. D. Brown.

Sonoma—J. F. Prestwood and L. H. Green.

Glen Ellen—C J. Poppe and C. E. Frazier

Santa Rosa—T. V. Butts, Ernest Allen and John Hawkes.

JACK NOLLER IS NOT YET LOCATED

Anxiety Felt for Popular Farmer and Fraternal Member Who Strangely Disappeared.

John Noller, for 15 years a trusted employee of the Jones ranch, and prominent in several leading fraternal orders, has not been heard of since the last week in July and great anxiety is felt as to his whereabouts. Mr. Noller left here without a word to anyone and his automobile, trunk and a month's wages and other posessions were left behind. He was seen in Sna Francisco the day following his unannounced departure from Sonoma, but has since dropped out of sight.

Communication with his friends and a sister in the East reveals nothing as to his whereabouts.

Noller was a conscientious employe and his absence from the big Jones ranch in the height of the haying season cannot be explained by Superintendent Joe Keechler, who fears that harm has befallen Noller.

The missing man is about 40 years of age, of slight build and dark complexion. When he left he was well dressed and wore several lodge emblems.

SEVENTY-FIVE SINGERS AT OAK GROVE TODAY

Seventy-five members of the Freundschaeft Sangerbund from San Francisco arrived by special train at Oak Grove Resort today for a three days' stay. The singing society will give a fine program and numbers among it many fine singers.

There will be fireworks, dancing and a general good time, to which the public is invited to join in. Henry Koerner of Oak Grove is an old member of the society and is down on the program for some comic German songs.

FINDS PEARLS THROUGH AD

Mrs. Beach, who last week advertised a string of lost imitation pearls in the Index-Tribune, promptly recovered her necklace which had been found by an honest lad of Sonoma. This is the second time that this advertiser has found lost articles through the Index-Tribune columns. On a previous occasion she recovered a fur neckpiece and is naturally high in her praise of this newspaper.

EL VERANO NEWS

By ARCHIBALD McKIVER

John Basileau and family are enjoying an outing at Dillon Beach.

Miss Beth Weaver is here from Sacramento, visiting her folks.

The R. B. Weatherhead family were interested spectators at the Napa fair one day last week.

George Gale and Emile Vincent of San Francisco were here over Sunday, visiting relatives.

Mrs. K. Lombard of San Francisco was here the first of the week looking over property interests.

Jim Kearney, Fetters Springs' progressive lumber dealer, was a county seat visitor last Saturday.

Last Saturday at Boyes Springs two motorists had a head on collision badly damaging both cars. John Quadric, El Verano hotel man, who was coming from the Springs, to make things worse, ran into the crippled machines. The car and driver escaped without injury.

Mrs. Rose Minni of the Bellevue Hotel was visiting and transacting business at Napa Wednesday.

Mrs. Nick Dowdall has returned to her home here after a several weeks' visit with relatives in Concord and Winters.

Nick, John and Miss Irene Dowdall motored to Winters Sunday, visiting the Gale family, making the return trip the same day.

Joe White, under the management of Louis Parente, will box in Los Angeles next week. His opponent will be Harlem Bunker.

Misses Eleanor, Doris and Orie Nonella and Mrs. George Mapes of San Francisco were here over Monday visiting with relatives.

Louis Parente, well known boxing enthusiast and hotel owner, has returned from a business and pleasure trip to Los Angeles.

Louis Kearney, hop and tomato king, has started harvesting these crops, which are very heavy and from all indications will excell other seasons.

Frank LaHaye, Beau Brummel and a breaker of flappers' hearts, was here from San Francisco Sunday, looking over his real estate holdings in this section.

George Weaver has returned from Yolo County after a several weeks sojourn in the wilds, hunting. He reports the deer and other game plentiful in these parts.

Prof. Joe Fields of Parente's Tavern is considering an offer from big Jess Willard at Los Angeles to go to the southern city and put the finishing touches on Jess for his coming fight with Jack Dempsey. The professor is awaiting the contract from the big cowboy.

Miss N. Nonella, a charming young San Francisco beauty is spending the week with relatives here. She is studying to become a nurse at one of the bay city hospitals.

J. Harry Weise, former supervisor and now a prosperous Glen Ellen rancher, was here one day last week in the interest of county politics and meeting old time supporters.

Tom Cooper of San Francisco, old time Sonoma boy, was in town several days last week. Mr. Cooper was inquiring for the old settlers and enjoyed himself while in our midst.

Sunday night an auto thief stripped a car of all its contents at one of our resorts. The car belonged to a representative of the San Francisco Bulletin and the loss is estimated at about $100.

A large crowd of tourists and pleasure seekers are expected here from San Francisco and other bay cities over Labor Day, which will give them three days in which to look over the Valley of the Moon.

John McTiernan, business manager for Withorne & Swan, dry goods merchants of Oakland, broke his right arm last Monday while cranking the auto bus at the Annadan Resort. The regular driver was absent for the day. Mr. McTiernan had been spending his annual vacation here and the accident will lay him up for some time. Dr. Hays attended to the injury.

A birthday party was given little Bobbie Leveroni last Saturday at the home of Mr. and Mrs. P. Hansen. A number of friends were present and helped the little fellow celebrate his fourth birthday. Mr. and Mrs. Vic Leveroni and other friends of the family were also present and all enjoyed the birthday cake, given by Mrs. P. Hansen, grandmother of little Bobbie. A pleasant afternoon was enjoyed by all.

The El Verano flappers are trying to vamp our good looking fireman on the S P. passenger run from Santa Rosa, Wesley Colgan. They say he looks too cute for anything, and they would like to take a joy ride in the cab of his iron horse. The Santa Rosa Beau Brummel has made a hit with our summer fairies and the county seat is in danger of losing him.

Nearly all the voters here feel as fine as a fiddle and twice as musical over the returns of the primary election. There was no doubt at any time in the minds of the voters in this precinct as to how the primaries would go. Out of 279 registered voters, 201 cast their ballots. The count for sheriff was Boyes 92, Murray 89 and Willey 5. For assessor, Smith 93, Mason 24, Madison 29 and Goodman 25.

Walter Paulsen, El Verano's leading fisherman, started the season off last Sunday by landing three nice bass ranging from 8 to 16 pounds. The catch was made at Napa bridge. These beauties were on exhibition at the Cash and Carry Meat Market, Sonoma the first of the week, and the popular angler remembered the writer with a nice cut of the fish. Many thanks, Walter, and may your luck never fail.

Two of our Sonoma Valley Beau Brummels are wearing medals for their ability to deliver straight-from-the-shoulder punches. At a recent dance, two "fresh guys" were sent to the mat for the count, and eye witnesses were surprised at the manner in which they sent the sleep-producers home. We'll soon have an opponent for one Jack Dempsey, if these dancers keep on mixing it over our summer flappers.

The big attraction over Labor Day, commencing Saturday evening, Sept. 2, is the coming to Oak Grove Resort of the famous company of singers, the Freundshaeft Sangerbund of San Francisco, composed of 80 members, besides a large party accompanying them from San Francisco. The Foxy Four, famous Vineburg musicians, will furnish the dance music, and everybody looking for a good time should not miss this event.

The El Verano Grammar School opened last Monday. Many of the pupils were absent, especially the boys, and some of the girls. This same trouble happens each year here, as some of the parents think more of having their children work than having them educated. A report has been made to the proper authorities, who will take up the matter. The teachers here are Mrs. Jessie Parker, principal, and Miss Lottie Howard and Mrs. C. Buttner.

Joe Perrazzo, El Verano capitalist, while showing some of the El Verano people his new buy, a Ford car, and being showered with congratulations, last Friday, turned the wrong crank on his new road hound while exhibiting the different ways in which his speeder work, and tore into the fence of one of our neighbors south of town and then nearly tore down the dwelling before he could get the powerful engine subdued. The spectators were hysterical. Fortunately, no one was injured. This is hard luck for Joe, as it is rumored that he will soon desert the ranks of the bachelors for a charming Sonoma Valley belle, and had purchased the car in anticipation of this happy event.

S. P. ANNOUNCES RATES TO INDUSTRIES EXPOSITION

Further assurance of the success of the California Industries Exposition, to be held in San Francisco October 7 to 28, is given in the announcement by the Southern Pacific Company that special excursion rates will be put into effect from all points on its lines. The reduced rates consist of one and one-half fare for the round trip.

Tickets will be on sale October 2, 7, 13, 14, 20 and 21 with final return limit 10 days from date of purchase.

HANDLING DRUGS

here is no hap-hazard proceeding. On the contrary we take infinite care to handle them so that it is impossible for mistakes to occur. And the drugs we use are as pure and fresh as we can get them. These two facts mean a drug service that is as it should be. It is the only sort of service you can afford to employ.

SIMMONS PHARMACY

GRAPE SHIPMENTS EAST O. K., SAYS HOUSTON OF S.P.

R. B. Houston, traveling freight and passenger agent of the Southern Pacific Company, with headquarters in Santa Rosa, was in Sonoma Valley on Monday in the interest of the fruit shippers of this vicinity. Mr. Houston reports the apple and pear crop as having been well taken care of and believes that despite strike conditions the outlook for grape shipments is favorable. He is preparing to move 2000 cars of grapes from Sonoma county to eastern market points, as compared with 1500 cars last season. Mr. Houston says most of the grapes will be shipped in refrigerator cars, although the ventilated cars may take care of some tonnage. He says the latter type of transportation was successfully tried out last year and if grapes are ripe and the early rains do not set in, all grapes will get to market in excellent condition.

The railroads urge co-operation and the early unloading and return of the cars from their destination. They believe that delayed shipments can only result in better prices for the shipper, as the market in that way will not be flooded and the big crop arriving in distinct consignments will lead to sharper buying.

Few sales of grapes are reported in Sonoma Valley. The buyers have sought to take advantage of the strike outlook and offered no tempting prices The vineyardists have been holding off the closing of contracts until the railroads could give some guarantees as to eastern shipment. It is believed that most grape growers will accept from $90 to $110 for the 1922 crop, which is one of the heaviest in years.

CLUB WOMEN WILL MEET IN PETALUMA

Kathleen Norris will be the chief attraction at the September meeting of the Sonoma County Federation. This noted California writer will be the principal speaker at the quarterly session of the organization and her theme will be "As a Mother Sees It."

The federation meeting will be held at Petaluma on Wednesday, Sept. 27. Miss Nellie Denman, county president will be in the chair, and the Petaluma Woman's Club will be the hostess. As usual, there will be both a morning and afternoon session with a basket luncheon at the noon hour.

In addition to Mr. Norris, Miss Denman plans some special features for the occasion and it may be that a number of the state or district officers will be in attendance. Petaluma entertained the county federation once previously and her hospitality on that occasion will go far toward bringing a large number of club women from all over the county to the coming event.

Thomas Vella, who recently arrived from Italy to engage in business with his brother, Joseph Vella, has gone to Chicago in the interest of the Vella grape shipments. The young European and ex-soldier is a clever business man and fine accountant. He expects to be away two or three months.

Men's Foot Fitters are guaranteed all solid Leather. Come in and see shoes and what they are made out of and you will not be obliged to take our word for it. Napa St. Sonoma

PURCHASES BEAUTIFUL SONOMA RANCH

The Rancho Los Guilicos, known as the Kearns ranch, located in Sonoma Valley, has been sold to Dominico D. DeLuca, construction engineer of San Francisco, in charge of the Hetch Hetchy project.

The deal closed last Saturday between DeLuca and Wallace A. Ware, and George A. Proctor, and involved a consideration of approximately a quarter of a million dollars.

Mr. and Mrs. DeLuca, it was stated expect to reside in the stately old Kearns home and plan many new improvements on the place in addition to those made by Ware and Proctor, the former owners.

Because of its location, the ranch is one of the most valuable holdings in Sonoma county. In recent months, more than one fraternal order has considered it as the possible site for a home, either for orphans or aged lodge members.

The ranch, formerly the Hood ranch consists of 1520 acres, 800 of which may be cultivated. More than 100 acres are in vineyard and 10 acres in prunes, peaches and apricots.

It is understood that the new owner may subdivide the beautiful ranch.

SONOMA COUPLE FLED FROM TRUCKEE FIRE

Mr. and Mrs. George Carpenter and little daughter of Baxterville were in Truckee the night of the recent big fire and were stopping at the big hotel next to the garage where the conflagration started. They were forced to flee from the building after midnight and 20 minutes later the hotel went up in flames, together with other property. Over 20 cars in the ill-fated garage were destroyed, but fortunately Carpenter had his car in another part of town.

Truckee has no fire protection and it was a miracle that the entire town was not destroyed.

The Carpenters had been to Reno, and Buck came back Tuesday to vote for his favorite candidates for sheriff and school superintendent.

LATEST REPORT ON BLACK POINT HIGHWAY

San Rafael, August 25, 1922.

Mr. Murphy, Index-Tribune,
Sonoma, Cal.

Dear Sir:—

The following is the latest report received of the engineer:

In Re Black Point Cut-Off, Grant Smith Contract:

Since last report of August 8th, this contract shows an additional mile of completed roadway.

On August 15th, this contract was 52.3 per cent completed; there is now complete upon this work 16,377 feet of 5 per cent pave.

Work upon the second asphalt plant is proceeding slowly, little progress being apparent.

Contractors say that plant will be in operation Sept 1, but I doubt this.

H. H. JONES,
Examining Engineer.

NAPA IS BEST OF TREE PLANTERS

W. E. Glendenning, assistant state forester, was in Napa Monday.

He reported that the ornamental trees set out a year ago under the auspices of the Napa Chamber of Commerce along the state highway, south of Napa on the Sonoma road, was the best job done by any community in all the tree-planting activities in California.

Ninetp-six per cent of the trees set out by Napa took root and grew and are in flourishing condition. It is the best showing made in the state.

Mr. Glendenning stated that his office is ready to co-operate with all community tree-planting moves and will be glad to assist if Napa contemplates extending her activities in this direction.—Napa Register.

Per Year, In Advance $2.00
If Not In Advance $2.50

THE INDEX-TRIBUNE AS A BARRIER TO HYPOCRISY

The sheriff's campaign in Sonoma County terminated in the launching of as malicious and unjust an attack on an honorable official and reputable newspaper as was ever promulgated in dirty politics. Spawned by a candidate discredited in his home community, it had for its object the spreading of poisonous propaganda to injure those who dared to oppose his candidacy. The dragging in of a Sonoma Valley resort into the attack was not only far-fetched, but has been over-worked. The same stuff by the same propagandists have been pulled at intervals to mobilize prejudice against a coroner, a district attorney, a supervisor, a congressman and others, so it is not surprising that the gag was regalvanized in this campaign, although its instigators have been repudiated time and again.

Fortunately, there were those who long ago saw through the tactics of tinhorn reformers and branded their now ancient trick and fearlessly exposed it. The Sonoma Index-Tribune is proud of its stand in this regard and that its course has been generally commended and its expose of persecution and grandstand stuff been concurred in by public opinion is best evidenced by the newspaper's success and standing in the community where the public has judged the sincerity and truth of our attitude as contrasted with that of smug hypocrites and officious trouble brewers. The Index-Tribune has nothing to conceal nor any apologies to make, to the people of Sonoma County. We are proud to emphasize that there is not a newspaper of cleaner record in California. Fearless and unrelenting in its expose of injustice and insincere reform, it has ever been feared by pretenders of this stripe. Because the Index-Tribune has been a barrier in the way of "putting over" their programs of misrepresentation and spite, they have been willing to go to any length to try to injure us.

The bouughten press was tried, but subsidized opposition died a natural death after being thoroughly discredited by a disgusted public.

That reputable Sonoma County newspapers lent themselves to the scheme in the campaign just past and accepted money for paid villification is not to the credit of the fraternity. Who can have faith in the character of any advertising when money will be accepted by editors for such as this? If a newspaper sees fit to attack, on its own initiative and responsibility, any individual or circumstance in the interest of the public, it is entirely within its rights, but we question the ethics and legality of selling space to the deliberate defamer.

There is not a propagandist that we have ever seen who can control the columns of the Index-Tribune or dictate its policies, and whosoever makes bold to publish that this paper is the mouthpiece of anyone knows better and will probably regret the deliberate calumny to which we have been subjected. The Index-Tribune through two generations has given injustice and hypocrisy short shift, whether they were to be routed from high places or kicked out of petty entrenchments. As a newspaper it has made its name and reputation solely on its square dealing and merit and because from its inception it has been free from the domination of any individual or class, it has attained an enviable status among the weekly journals of the free and untrammeled West.

For these reasons, we resent the despicable attack and insinuations of the recent campaign and have seen fit to go into the matter at some length.

The sheriff whose candidacy was jointly attacked in this campaign was no less unjustly maligned, as his overwhelming victory proves. However, as a candidate, he was a party to any controversy and a principal in the contest, whereas this newspaper took no part in the campaign which would justify the cowardly countywide attack made upon it. The Index-Tribune is proud to state that it has never accepted a dollar for advertising of the character such as was placed by the unscrupulous politician in the recent fight. That the slush fund which made such propaganda possible is from the same source that is making reform and prohibition profitable business all over the United States is more than likely.

A complete and splendid victory for Sheriff John Boyes and his loyal backers goes to prove that the people of Sonoma County can be trusted any time to honor and reward men who play fair with their fellows and have proven their worth. The Sonoma Index-Tribune has always and will always continue to give its unqualified support and influence to men of this type.

OUT OF THE FIRE NOZZLE

The little Red Devil was called out at 2:15 p.m. Tuesday to put out a rubbish fire back of the Boyes Springs bath house. The fire had a good start, but the Devil soon put it out. The Devil being used to heat, did not mind it a bit. No loss.

* * *

The Chief, while out on a collecting tour with Jack Poulson and Mr. Lane Wednesday afternoon, saw a fire on the Johnson ranch. The fire was discovered while the Valley Angel and crew were at the Oak Cottage Resort. The run to the fire was made so quick that Mr. Steiger said the Angel must have dropped from heaven. County road fire. No loss.

* * *

Wednesday evening at 8:15 p. m., the Valley Angel was called out again for a grass fire at Maxwell's rail-road crossing. Fire out when the Angel reached the place. Botschi was the hero upon this occasion. No loss.

* * *

The citizens around Schellville are still sending in donations through F. McGill. Too bad the entire valley does not show the same spirit as Schellville. If they did, the engine would soon be paid for.

* * *

The Chief, Jack Poulson and Mr. Lane have been soliciting donations this week in El Verano and have met with fairly good success. The crew will be working close to home next week and hope to have good results. Then on to Glen Ellen, Buena Vista and Vineburg.

* * *

Fighting fires is not easy work, but soliciting donations is much harder, and it is certain that the Chief and his crew prefer fighting fires, so kindly send in your donation and save us a lot of unnecessary work.

* * *

Chief W. Steinmetz of the Alameda Fire Department and his wife are spending a few weeks at Boyes. They have rented one of the Newman cottages.

* * *

Dave Levy, retired San Francisco fireman, who has been quite ill, has almost recovered again. Hard to keep Dave in bed when the siren sounds.

LOS ANGELES BOXERS WILL TRAIN HERE

Louis Parente, who has been in Los Angeles combining business with pleasure, has arranged to have all boxers who come north for matches in Oakland or San Francisco train at his big gymnasium in El Verano. Some of the leading athletes of the south will thus be seen in action by Sonoma Valley lovers of the game.

Mr. Parente, who is one of the most popular promoters on the coast, was warmly welcomed by the fight contingent of the south and a banquet was tendered him by the sporting writers of several Los Angeles newspapers. While there he met both Jack Dempsey and Jesse Willard, who were inquiring about Charlie Miller, the former heavyweight star now masseur and manager at the Agua Caliente bath house.

A match was arranged between Joe White and Harlan Bunker at Hollywood. The boys will meet tonight in the arena of the famous moving picture city.

TO THE VOTERS OF GLEN ELLEN TOWNSHIP

I desire to express my appreciation to the voters of Glen Ellen township for the splendid support given me at the recent election and to assure the people that I will continue to serve them as Justice of the Peace to the best of my ability.

LEOPOLD JUSTI.

Arthur Kunde of the Wildwood Vineyards has purchased a new Kleiber truck through the Petaluma agency. He is expecting his father home from Europe shortly. Mr. Kunde will arrive in New York Sept. 14th.

SPECIAL AUTO FERRY SERVICE

To accommodate the motoring public on the holidays and for special events beginning Saturday, Sept. 2, the Golden Gate Ferry Company and Rodeo-Vallejo Ferry Company have arranged for special service.

On Golden Gate Ferry Co., the first boat leaves San Francisco, foot of Hyde street at 6:00 a. m. for Sausalito and every half hour thereafter from both sides till midnight and later if necessary to clear up all traffic. This service will be for Saturday, Sunday and Monday, Sept. 2, 3, and 4.

On the Rodeo-Vallejo lines, extra service will be given from Sept. 2, to Sept. 10 inclusive, boats leaving the terminals at Vallejo Shortway every fifteen minutes from 6:15 a. m. to 12:15 p. m. and later if necessary. It is expected that this period beginning Saturday and ending Sunday, Sept. 10 will break all records in automobile ferry traffic and both companies are prepared to give the utmost in service to the automobile.

PARRENT, THE TAILOR

Come and see us for your next suit of clothes. We have just received about 500 new fall and winter samples of suitings and overcoatings, in all the newest weaves and designs. They are very reasonably priced, and it will be well worth your while to look them over.

CLUB HAS OUTING AT CALIENTE SPRINGS

The El Camino Club of San Francisco Excursion to Sonoma Valley Is Big Affair.

Agua Caliente Springs has been chosen, from many suggested, as the most desirable resort for a week end excursion over Sept. 2, 3 and 4, by the popular El Camino Club of San Francisco. The members are all looking forward with pleasure to this affair and judging from the lively interest manifested and the clamor for reservations, things should move pretty lively for those three days at Caliente and Tom Corcoran, that genial host, will have to step some if he wants to keep up with the boys and girls from El Camino, for wherever the El Caminos go, there is sure to be lots of action. A live committee headed by Dr. John J. Kingston, chairman of the Social Committee and William J. Sheehan, financial secretary of the club, have been getting together a program of events that will keep something doing every minute. The El Camino Orchestra, the latest dance sensation of San Francisco, will accompany the members on the trip and will furnish music for a grand ball on Saturday evening. The orchestra is composed of members of the Club and is directed by Frank G. Taylor, who was formerly with Art Hickman and Paul Asche. In the city this orchestra is the rage among the social set and is always in demand by the prominent organizations when functions are planned for the Fairmont, St. Francis or Palace Hotels; the word passed around that the El Camino orchestra is going to play is the signal for an overflow crowd.

On Sunday a aseball game will be arranged between the El Camino base ball team and a team from one of the neighboring towns. If a good fast team can be secured to play the El Caminos, the guests at Caliente will be treated to a real game of baseball, for the club prides itself on having one of the fastest teams around the bay. Games have been won from Petaluma, Larkspur, Tiburon, Mill Valley, The Bass Heuters, the Pacific Natives, the Berrios Painters, the Traung Labels, Independent Order of Foresters. Andy Ahern, prominent Olympic Club athlete, is manager of the team and through persistent effort and good management he has brought the team to the front and intends to enter it in the Winter League.

The evenings at the Springs will be enlivened by entertainment furnished by the talented members of the club. James E. Leary, chairman of the Entertainment Committee, will have entire charge of the musical program for each evening. One of the features will be the El Camino road show, a musical comedy extravaganza, presented exclusively by members of the El Camino. Arrangements have been made to run a special train to take care of the members of the El Camino Club and their many friends.

The El Camino Club was organized June 5, 1921, within the shadows of the historic mission, San Francisco de Dolores, in San Francisco. From a mere handful of members it has become, in one year's time, one of the most prosperous, popular and active organizations in the city. Last September the club consisting of 60 members, it was decided to organize a young ladies' auxiliary; the organization now boasts a membership of 600, equally divided among the gentlemen of the club and the young ladies of the auxiliary. Six months after its organization, the El Camino Club moved from its temporary headquarters in the basement of a school to its new club house, built especially for the club at a cost of $6,000. The first elaborate social affair given by the club was an invitational dansant held at Rainbow Lane, Fairmont Hotel; this affair was an astonishing success. Since then many novel and original social affairs have been given, and with each the popularity of the club has increased. The outing to Caliente is the biggest undertaking yet attempted by the El Camino, but if one may judge from the remarkable success attending past affairs this turnout should not only be a fitting climax to a year crowded with wonderful good times, but should also be one of the most successful and never-to-be-forgotten three days in the history of the famous Sonoma county resort. The club is named for the El Camino Real, or the Highway of the King.

Open air mass will be celebrated by Rev. Father Byrne of St. Francis Catholic church, Sonoma, on the grounds at Agua Caliente Springs at 9:30 a. m. tomorrow.

Mrs. J. D. Mell, formerly of the Cromwell ranch, and Miss Florence Mell have been visiting at the Thompson ranch above Glen Ellen. They will later visit the Edrington family on Broadway.

GRAMMAR SCHOOL BUYS TWO ACRE TRACT

The trustees of the Sonoma Grammar school have purchased the two acre tract back of the present school grounds and it will be utilized as a playground and athletic field.

The continuous growth of the school has already started agitation for a new wing to the building which would necessarily reduce the present playground area. A good price for the newly acquired acreage were arranged with the Napa man who formerly owned the land for some time desired by the school board.

PETALUMA EASTERN STAR HERE SEPTEMBER 7TH

Morning Star Chapter O. E. S. will be the guest of Valley of the Moon Chapter at its regular meeting here on the evening of Sept. 7th.

VINEBURG NEWS

Messrs. Henry Bartoli, Fred Batto Jr., an August Pinella started on Sunday morning from Batto's Spur for an auto trip through central and southern California and expect to be gone two weeks. They went by way of the Summit to Reno, Nev., and into Yosemite Valley and when last heard from were at Camp Currie.

Mr. and Mrs. Frank Groskopf visited the metropolis on Sunday last.

Mrs. Fred Batto accompanied by her daughter, Emily, visited the metropolis Tuesday and returned the same evening.

Phillip Bill Jr., was a guest at the Summit Hotel on Sunday last and like everyone else, says he enjoyed the beautiful scenery and had a fine trip.

Clifford Estement was a visitor to San Francisco and Oakland over the week end.

Mr. and Mrs. B. Dupouy entertained a number of guests at Vineyard Villa on last Sunday and quite a few remained for several days.

Huichica School will open for the fall term on Tuesday, Sept. 5, with Mrs. H. T. Hindry principal.

Messrs. Frank Rhode and Enrico Forni enjoyed a two days' hunting trip over the week end. They didn't go deer hunting, not much. Everybody goes deer hunting, but they were after California lions, and saw two of the animals, but concluded not to kill them until next season, so as to give them a chance to grow. Some wise hunters in Vineburg.

Fruit drying is in full swing in this vicinity and quite a large amount of fruit will be dried.

Mrs. Charles C. Weise of Winehaven has been visiting Glen Ellen relatives.

COMPLETE RETURNS OF SONOMA COUNTY

The total vote of the 119 precincts of Sonoma county was as follows:

Mohr, 593.
Roche, 568.
Beretta, 520.
Monotti, 415.

Miss Edith Luciani of Agua Caliente was a San Francisco visitor this week. On her return she was accompanied by her two friends, Miss Del Clark and Miss Anna Russel, who will spend a few days with her.

Miss Sofia Moldonado and Chas. Kelly have been visiting at the home of Miss Mayme Kelly of Boyes Springs. Jack Kelly is now engaged in the candy manufacturing business in San Francisco.

Mrs. Hattie Bruns returned to her home in Hayward Friday of last week after arranging for the care of the Bruns poultry ranch here. She is keeping house for her daughters and aged father in Hayward.

SENATOR SHORTRIDGE URGES BONUS BILL

Senator Shortridge demanded the passage of the bonus bill at once in a speech that took up nearly two hours of the Senate's time Wednesday afternoon. He referred to the bonus payments made to civilian employees of the government during the last five years which, he said, totaled $260,000,000 as a precedent.

He also called the attention of the Senate to the payments made war mineral miners who lost money owing to the sudden termination of hostilities, with the resultant drop in the mineral market; railroad losses that were made good, and payments made others who lost money during the war operations, all of whom entered the business with the main view of deriving a profit.

The Senator drew attention to the fact that the interest due the United States on its foreign loans would pay every man in the service a bonus of $350. Statements that payment of the bonus would be buying the patriotism of the soldiers and sailors were deprecated by the Senator, who said it was merely making up in a measure for the economic loss suffered b the men while serving the colors.

If the nation attempted to pay the debt of gratitude it owes the former service men, the debt never would be canceled, the Senator said.

Work of the Diver.

The greatest depth which has been found safe for a diver of experience and good physique to descend in a diving dress is 204 feet, at which there is a water pressure of 91½ pounds per square inch. S. J. Drellishak of the United States navy made a record of 274 feet by the use of a high-pressure tank, in Long Island sound.

Uncle Eben.

"De man dat always greets everybody wif a happy smile, no matter whut his troubles is," said Uncle Eben, "ain't nuffin' but a good actor."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

PRAISES OUR HAY AND GRAIN YIELD

Joseph Keechler, one of the best-known agriculturists of Sonoma county, was a visitor at the county seat Friday. He came up from the big ranch of which he is superintendent during the forenoon and spent the day here transacting business and renewing his many acquaintances here.

For the past 33 years Mr. Keechler has been connected with the mammoth Sonoma Land Company's property, near Schellville, and for more than 18 years he has been superintendent of that immense property. There are 10,000 acres in the ranch, of which a large portion is in hay this year. Last year 30,000 sacks of grain was produced on the ranch, and the previous year 40,000 sacks was the yield. Only 6500 acres have been put in hay this year, the remainder being used for pasturing large quantities of stock which is kept on the ranch.

Superintendent Keechler is breaking up considerable new ground which will be cultivated during the next year and the yield will be enhanced to that extent.

The work of placing 10,000 bales of hay into the barns and warehouse is completed, and now the greatest activity of the year has been completed and the remaining days will not be so strenuous for the superintendent and the men employed under him on the ranch.

One can hardly contemplate such an amount of hay as is represented by 10,000 bales, and the income which it will bring is likewise staggering. A shortage of feed this winter will advance the prices sharply over what they are now, and result in greater returns from the land handled by Superintendent Keechler.

This genial gentleman is well known all over Sonoma county and his friends at the county seat and elsewhere are always glad to have him in their midst. He is a member of Santa Rosa lodge of Elks, and held in high esteem by all the members of that great fraternity—Santa Rosa Republican.

BOBBY LEVERONI HAD BIRTHDAY PARTY

Bobby, little son of Mr. and Mrs. Vic Leveroni, lessees of the Snyder ranch, celebrated his fourth birthday Saturday last with a nice party. A number of children shared in the festivities and enjoyed a merry afternoon of games, good eats and a big birthday cake. Bobby is the eldest son of the prominent dairyman.

S. P. GRANTS FARES TO CALIFORNIA FAIR

SONOMA HIGH SCHOOL RE-OPENS ON TUESDAY

High school opens on Tuesday, Sept. 5th. The teachers will all be on hand on Monday, Sept. 4, for consultation and also to get everything in first class order for work on Tuesday. There will be eight teachers, which is an increase of one, made necessary by the largely increased enrollment of last year. Professor Golton says:

"The new students are requested to appear for registration on Tuesday morning; the old students will register in the afternoon. This is to avoid haste in the selection of subjects and confusion in obtaining the O. K. of teachers.

All students will come Tuesday in their own conveyances. Transportation facilities will be furnished thereafter.

There should be prompt registration, since certain subjects are limited in the number that can be taken care of and first come will be first served.

All girls who expect to teach should enroll in the class in music theory and sight singing whether they can sing or not. All students who have any musical training or an ear for music should enroll in orchestra which this year will be treated as a regular subject.

The part-time students will report for registration on Monday, Sept. 12. Every girl or boy who is over 16 years of age and under 18 years must report for part-time work if his place of residence is within three miles of the high school. The hour is 1:00 p. m.

Rapid progress is being made on the new high school building and it will be completed easily within three months. Plastering began last Tuesday with a large force of men. The roof will be completed within a few days. The plumbers and electricians will soon have completed the roughing in. The installation of the heating plant is going on rapidly.

The contractors have selected high-responsible subcontractors in all the work which has been done on the building, and when completed it should be absolutely free of all defects. Thus far the contractors have been fortunate in that they have not been delayed by the disturbed condition of the railroads.

It is very likely from present indications that the new building can be occupied on December 1.

If the enrollment is especially heavy this year, and it looks at the present time as if there will be a slight increase over the very large enrollment of last year, the sooner the new building is occupied, the better it will be for the morale and efficiency of the school administration."

HIKING DOWN THE LONG BROWN PATH

Vacationists With Shelter Tents and Tin Cow Learning to Walk All Over Again.

Oh! It's not the pack that you carry on your back
Nor the rifle on your shoulder,
Nor the five inch crust of khaki-colored dust
That makes you feel your limbs are growing older;
And it's not the hike on the hard turnpike
That drives away your smile,
Nor the socks of sisters that raise the blooming blisters—
It's the last long mile.
—Plattsburgh Marching Song.

Stringing out from the suburban transit terminals of New York every Sunday and holiday goes the army of khaki-clad hikers. There may be an automobile for every twenty of the country's population, but a host of city folks disprove the theory of a future leg-enfeebled citizenry and are learning to walk all over again.

To the more casual minded, the hike is just exercise, but to those who catch its real significance the hike means a great deal more. It is the cheapest form of recreation and therefore appeals to those living in crowded districts and unable to avail themselves of the more expensive amusements. And these people, be it noted, are just those the country is so anxious to have spread out and settled in the farming sections. The hike, indeed, has possibilities as a real starter for the "back to the farm" movement.

Doughboy and Boy Scout Lead Way

Just a brief survey of the rollicking groups which move off from the outlying terminals on holidays establishes a few general types. There is the ex-service man and his friends who will hear from him the story of more serious excursions on the muddy roads of France. He tightens a strap here and another there on the blanket roll adjustment or the "shelter half," in which the commissary is packed for the mid-day feast by the roadside. Expert directions come from him on the method of slinging the pack so it will not feel so heavy or interfere with the free body movement. He will pass along the information, gained in his army days, of how that same pack was evolved after numerous experiments to find the easiest way of carrying the heaviest load. With results he now compliments, but which he characterized when a doughboy as a "blankety blank total failure."

Then there are the boy scout parties, adept at everything pertaining to "shanks mare" traveling and woodcraft. The ex-service man and the boy scout are pioneers in the hiking game. Listen to one of them right off the train and making ready for a twelve mile jaunt: "Get that canteen over the side, Jimmie, and it won't keep bouncing off your leg every step. Is it filled? Well, then, we drink. How about the eats? Let's check 'em off. You got the spuds, Bill: the bacon Jimmie. Who has the coffee and the Borden tin cow?"

"Right here," announces a freckled comrade of the road, patting his knapsack. "Snitched the mocha and the can of milk when Sis wasn't looking."

"Well, then, let's go!" snaps the commander of the expedition.

This party is traveling light for real distance. Another must expect to make a shorter hitch or else be counting greatly on its power of endurance. Perhaps the camp is not far off because the group is equipped for an over-night stay with heavy blanket rolls, hatchets, lanterns, canvas waterpails, rubber ponchos, kettles, pots, new fangled firestand, etc., etc. The blankets are laid out for a better packing of the bags and cans of food. When the party commences to load up the members bristle all over with camp tools and equipment.

Back to the Farm

The veteran from the crowded city tenements has found a new territory to roam and one almost unknown to his associates. He is introducing them to this newly discovered land and teaching them how to be independent of any transportation but their own good legs and of any subsistence but what they can carry and prepare. "Walk and cook your own," is his motto.

Who will say the leaven thus fermenting in the city crowds will not bear fruit in a keener appreciation of country delights, especially as these are added to by increased comforts on the farm. With his radio hitched up, the farmer listens in on the best entertainment the country has to offer. Modern home devices wipe out many hardships formerly imposed upon isolated dwellers. There is, in short, a rapid cutting down of the differential between farm and city life.

In the meantime, knowledge must precede a true appreciation of what the country holds, and this is what the hike supplies. There is more appeal in one apple tree in blossom than in reams of printed matter put out to induce the citizen of the city to change his abode to the country. The hikers constitute a growing army, equipped with bacon, spuds, coffee and tin cow for merely a day's outing but nevertheless seeing sights that make them yearn to be among them all the time. It is not too much to assume that the army may one day recruit the open places.

SONOMA

CHAMBER OF COMMERCE CONGRATULATES SONOMA

The following letter was received by Charles LaTorres, secretary of the Sonoma Business Men's Association, from H. W. Kerrigan, secretary of the Petaluma Chamber of Commerce:

August 24, 1922.

Charles LaTorres, Secy.,
Sonoma Business Men's Assn.,
Dear Sir:—

Permit me, with the enclosed check, and speaking for our Fair Committee, to extend to you our heartiest congratulations and compliments for the splendid showing made by the Valley of the Moon. It was simply inspiring and we are sure it is the beginning of a new-born spirit among the citizens of your charming and productive Valley.

Your people have demonstrated by their interest, energy and community co-operation what can be made possible by a little enthusiasm, and the confidence necessary to go ahead.

You are now on the high road to success and greater efforts for the future. If we can be of any further service you have only to call.

Again congratulations for your achievement in taking the big prize in the Northern California pageant. It is another demonstration of community get together—the spirit that wins success anywhere.

Sincerely,
H. W. KERRIGAN,
Secretary.

Mr. LaTorres sent the following letter of acknowledgement to Mr. Kerrigan:

August 26, 1922.

H. W. Kerrigan, Secy.,
Petaluma Chamber of Commerce.
My Dear Mr. Kerrigan:—

On behalf of the Sonoma Business Men's Association, allow me to extend to you and to the Petaluma Chamber of Commerce the most sincere thanks for the valuable award. I cannot find words to describe the pleasant feelings that this compliment in awarding the prizes to our Valley of the Moon float created among our citizens toward the Petaluma Chamber of Commerce and the citizens of your hospitable and liberal city.

I can assure you, Mr. Kerrigan, that this award has changed the minds of many of our people; it has set them thinking, and they are now singing the praises of the fairness of the Petaluma people.

In acknowledging receipt of your check, Mr. Kerrigan, I wish to say that it has brought about the favorable support that this Association has needed from its citizens, not because of the money, but because of the great advertisement that the Valley has enjoyed. You have made it favorable for us to point out to them that our organization needs the co-operation of all the community.

We greatly appreciate your offer of further assistance, and have not the least doubt of your sincerity. We shall remember your kindness and should the opportunity present itself you will find that this Association will do its utmost to help you in any problem you may have to solve.

Again accept the sincere thanks of the entire community.

CHARLES LaTORRES,
Secretary S. B. M. A.

G. W. REED'S SON IS PETALUMA N.W.P. AGENT

Arthur Reed, son of the veteran Sonoma agent of the N. W. P. Railroad Company, is to be the agent at Petaluma as the following article from a Petaluma paper shows:

A. B. Staton, who has been local agent of the N. W. P. Railroad Company for the past several years, has resigned and will be succeeded by A. L. Reed, who is stationed at the Healdsburg office. Mr. Reed will soon arrive here to take charge of the Petaluma office and will be accompanied by his family as soon as he can secure a house.

Mr. Staton has been filling a position in Texas, with an oil company and will remain in hat state. His wife and son will join him later. They will be wished happiness in their new home.

Mr. Reed, who succeds Staton, has been with the N. W. P. for several years, and is one of the popular agents along theline.

STATE FAIR BIGGER AND BETTER THAN EVER

That bigger and better than ever is not an idle boast concerning the California State Fair, to be held in Sacramento September 2 to 10, is evidenced by the unusual interest being shown especially in the stock show department. Breeders of the finest and best in farm stock are this year more than ever waking up to the splendid advertising and mutual educational advantages offered by competitive entries in the fair and are putting their prize animals on exhibition, many of them for the first time in years.

Chief among the latter is the fine Valley Fory Ayreshire herd of Valley Ford, Sonoma County, from which 18 head of the top of the breed will be exhibited. For some years heretofore this famous breed has not been shown at the State Fair.

Among other interesting entries in the goat breeding section will be a fine display of these animals raised by a woman, Mrs. C. K. Harder, owner of the well known Sacramento Goat Farm.

Ventura County is coming strongly to the fore, among other entries, with some fine stalls from the Ventura Calf Club in the open classes to show "get of sire". All are splendid specimens of expert care and breeding, showing what science has accomplished in animal husbandry.

From the Berlywood Stock Farm, also of Ventura County, will be brought one of the finest young herd sires ever shown at any state fair. This splendid animal is one that reflects glory not only on his breeders but on the state and is expected to break all records for a long distance bull. A state record Holstein cow will also be exhibited from the same farm.

Always big exhibitors, the Bowers Live Stock Company of Tulare are coming into the Fair this year with entries that will fill an entire barn. This firm is one of the largest in the state and do a large import and export business.

Their entries in the horse division includes some splendid Percherons, Belgiums and saddle stallions, as well as displays of four mules in harness, heavy horses in harness and California stock horses. The night horse show will also be enriched by splendid specimens of their fine breeding care.

Also from the Bowers' stables will come some excellent cattle, Durhams, Herefords and Holsteins, offering worth while competition to other breeders aspiring to blue ribbon honors.

St. Barbara's Guild will meet at the hame of Mrs. Wm. Clewe on Tuesday at 2:30 p. m.

NEW BOAT FOR FAST GROWING FERRY COMPANY

After having operated successfully for two months the first Diesel electric automobile ferry boat in the world controlled entirely by electrical connection from the pilot house, the Golden Gate Ferry Company has well under way the construction of a second Diesel electric ship, according to a statement issued by Aven J. Hanford, president and general manager.

This craft will be called the Golden West and will be a replica of the Golden Gate, excepting perhaps some slight changes in length and beam in minor construction points applied to the upper deck. For facility in handling, flexibility of power and economic in operation, this type of vessel is unsurpassed.

The Golden Gate Ferry Company expects to have a large fleet of these vessels operating on San Francisco bay because it is manifest that such service is necessary to meet the demands of the traveling public.

As an indication of the possibilities of the auto ferry business between San Francisco and Marin county, the Golden Gate Ferry Company carried during its first month of operation 35,000 persons, and approximately 12,000 automobiles. During the month of July the company carried approximately 96,000 persons and 31,000 automobiles. The month of August will show a greater increase. The company is now operating a half hour schedule and there is a boat leaving each terminal every half hours.

WIDOW AND CHILDREN MAY GO TO EUROPE

Sincere sympathy is being expressed to Mrs. Rothmuller of Fetters Springs and her sons, Victor and Arpad, on the death of the beloved husband and parent, who was called to his reward after a capital operation in San Francisco. The widow will continue to run the bakery business at the Springs, but later on may dispose of it and make a trip to Europe with her sons, aged 12 and 10 years. She has relatives in Berlin who would welcome her there.

The late Mr. Rothmuller was a native of Hungary and had been in this country 15 years. He formerly conducted a bakery and cafe in San Francisco.

The Sonoma Grammar School reopens for the fall term on Tuesday, Sept. 5th.

RAILROAD OFFICIALS MEET GRAPE MEN

Grape growers and shippers of Sonoma county will receive their prorata of all refrigerator cars available in California for shipment of thegrape crop to eastern markets, according to assurances given them by officials of several railroads meeting with grape growers and shippers Thursday evening in the Chamber of Commerce rooms in Santa Rosa to discuss the imminent disaster facing the grape men because of the present grave shortage of refrigerator cars.

This was interpreted to mean that all the refrigerator cars available in the state would be divided among the shippers and growers as they are most needed and according to the size of the crops at different points.

County Horticultural Commissioner O. E. Bremner stated that he believed 1500 refrigerator cars would handle the grape crops destined for eastern markets and that 300 ordinary cars could handle the crops to be disposed of locally.

E. C. Merritt, head of the Sebastopol Apple Growers' Association, stated that he believed 100 more refrigerator cars would clean up the Gravenstein apple crop. Several growers stated that they did not expect to ship any late apples to the eastern markets, because of the exceptionally low prices offered.

For the first time in the history of local shipping circles the growers and shippers are to be furnished with a freight time schedule that will inform them definitely when empty cars will be spotted and when they will have to be moved to connect with the through freights out of Sacramento. Officials stated the table would be ready for the growers within a few weeks.

When the discussion of the strike situation came up J. J. Geary, representing the N. W. P. and presiding at the meeting, expressed little hope for an immediate return to normal conditions. It is stated that the eastern short lines are without coal as a result of the coal strike and as a consequence are giving preference to passenger trains and are not moving refrigerator cars either way as fast as they should be moved to avoid congestion and to fill demand.

This is said to be the first time in in Sonoma county that railroad officials have ever conferred with the growers upon their needs in rolling stock. This fact, said one of the growers, lends color to the seriousness of the situation.

When asked to describe the present situation and the attitude of the rail road for the workingmen and the workingmen for the railroads one of the officials said: "We are not as yet on any stable plan or relationship with the unions. The men who have not walked out are staying with us merely until the problem is settled or swung one way or the other. Nothing can be counted upon for certain at this time. However, we can work to make the best of the situation and we can hope."

No matter how high we rise in life, we cannot view our own destiny.

NOTICE OF SALE OF PERSONAL PROPERTY TO SATISFY LIEN

(Secs. 3051 and 3052, C. C. P.)

To Whom It May Concern: You will please take notice that on or about the 5th day of May, 1922, there came to my place and strayed onto my premises, situated at El Verano, Sonoma County, California, a certain Bay Horse, about 15 years old;

That subsequently I made diligent effort, according to law, to locate the owner of the animal but have been unable to do so.

Inasmuch as I am now lawfully in possession of such horse and have incurred expenses for the care of said animal in the sum of $15.00, I hereby give due notice that I intend to sell the said Bay Horse on the 2nd day of September, 1922, at 11 o'clock a. m., at A. W. Weaver's blacksmith shop, at El Verano, Sonoma County, California, to the highest bidder, to satisfy said lien and costs of sale.

This notice is given pursuant to the provisions of Secs. 3051 and 3052 of the Civil Code, State of California.

JOSEPH REVIE.

Dated this 19th day of August, 1922.

Dated at Sonoma, Cal., Aug. 5, 1922.
Robert A. Poppe, Attorney for the Estate.
First Publication August 5, 1922.

LEFT FORTUNE TO HELP BOYS TO GO STRAIGHT

Mrs. Lizzie E. Welty, a niece of the late Mrs. Kate Johnson of Buena Vista, has left her fortune of $80,000 o boys and young men who have been freed from penal institutions and want to go straight. The Protestant Episcopal bishop of California is to dispense the charity.

Mrs. Welty was a daughter of Mrs. Johnson's sister, Mrs. Henry.

She had a son of her own, Leroy Welty who is said to have gone wrong and cannot be located. He once went to school here in Sonoma. He is left $100 a month as long as he lives.

Mr. and Mrs. Grover Rubke and children spent last Sunday in San Francisco visiting Miss Henrietta Weber.

Henry Muller of Sonoma Vista, who has been seriously ill with heart trouble, has gone to the county hospital for treatment.

Wm. Steinkamp, who is one of the grand officers of the U. O. R. M., attended an executive meeting in San Francisco this week. The delegates to the recent cenvention here strongly praised Sonoma Valley's hospitality.

L. S. Simmons, who was on a trip up north with his son-in-law, has returned home. They enjoyed fishing and hunting in the vicinity of Point Arena and Anchor Bay. Mr. Simmons found abalone and trout plentiful, but was not successful in getting a deer. The trip was made via Cazadero over rugged country.

A pretty little dark eyed daughter has arrived to gladden the home of Mr. and Mrs. Neal Dodge. The baby is called Mabelle Evangeline, after her two grandmothers. Mrs. Lloyd Simmons has been in Petaluma with her daughter the past week.

Mr. and Mrs. Shirley Weise, Miss Davidson and Harold Weise have been on an auto tour to Crater Lake, Ore. Mr. and Mrs. Shirley Weise left their baby home with grand-dad Harry Weise and his wife during their trip up north.

Mrs. Henry Wicker has returned home after a pleasant visit with Mr. and Mrs. S. Lydiard of Hollister. The Lydiards recently sold their fine orchard there.

Miss Helen Walker of Agua Caliente motored to San Francisco yesterday and spent the week end with relatives.

Mr. and Mrs. Will Clewe and family returned from their trip to Carson city and Lake Tahoe last Sunday.

FOR SALE

540 acre ranch 3 miles north of Sonoma. Large French prune orchard and vineyard in their prime; 40 acres farm land, large range for cattle and plenty of timber. Large house, good outbuildings, including stone dairy building; a number of flowing springs which have never gone dry. Price $18,000 including crop, or $15,000 without crop. One-half cash and balance on easy terms. See owner on ranch Sundays or write George Gericke, Box 386, Sonoma, Calif.

At 3000° F— What?

As your motor begins to "warm up, what happens to the oil? It thins, of course. But just *how* does it thin and how does it act when subjected to the high operating temperatures?

Upon the answer to that question depends the proper lubrication of your car.

Zerolene, being made from selected crudes and scientifically refined by our patented vacuum process, resists engine heat; it retains its lubricating "body" at all operating temperatures. It does not decompose or "break down." It clings to the bearing surfaces and maintains a perfect film of lubricant.

A Minimum of Soft, Flaky Carbon

If the motor is getting proper lubrication, some oil slips past the pistons and is consumed by the flame of combustion. In burning, all oils deposit carbon on the cylinder walls and cylinder heads. Inferior oils deposit a hard, gritty carbon in considerable quantity.

It is this hard carbon deposit which causes pre-ignition, breaking and sticking of cylinder rings, overheating, loss of power, warping and splitting of exhaust valves, and wear of valve stems.

Zerolene deposits a minimum of carbon of a soft, flaky nature which can do no damage and is usually blown out with the exhaust.

Lubricate exclusively with Zerolene, adopting the recommendations embodied in the Zerolene chart of recommendations, and you will develop the maximum power, speed and gasoline mileage of your car.
